

Johnson Named Player of the Month (Southern Europe)

Written by Content Mgr

RALEIGH, NC -- The RDU Sting Women's Development Program **Overseas Update**.

SignedSeniors.com and The RDU Sting update on Desarae Johnson (Jacksonville Univ.). At the conception of the program, success stories were not expected to be a reality in such a short period of time.

Desarae continues to make the most of her opportunity. With her first overseas season coming to an end, she was recently awarded player of the month for March 2012. Congratulations !!

“We knew there were women just looking for an opportunity like this, she just happened to be the first one to take our program serious with overseas opportunities. Now others can follow in her foot steps.” ~ Burnside

We look forward to hearing more good things from her and wish her the best of luck.
